BUDGET MESSAGE

The budget for fiscal year 2025, beginning July 1, 2024, is hereby submitted to the Jennings City Council for consideration. The budget represents a continuation of present service levels. The budget is fiscally conservative, and expenditures are budgeted within anticipated revenues and available beginning fund balances.

The needs of the city are assessed by meeting and discussing budget requests with each department head and by meeting with each of the City of Jennings council members. The input from these meetings is considered and implemented within this budget. The trends of all sources of revenues are analyzed to determine if any increases or decreases in expenditures are necessary. The amount of revenue to be expected from all sources is then combined with available fund balances estimated to exist at the end of the current fiscal year.

The revenue of the city is comprised of restricted and unrestricted sales tax, property tax, franchise tax, user fees and other sources of revenue and is presented by the appropriate Fund and Department.

My office and staff have worked with FEMA, our insurance carrier, the State of Louisiana, and city council members to recover from destruction caused by Hurricanes Laura and Delta in 2020 as well as the ice storm of 2021. After several years of work, settlements were reached with our insurance company and FEMA for damages the City incurred. The city received a total of approximately \$4,850,000 during the 2023-24 fiscal year. These funds were deposited into the General Fund of the City.

The budget documents attached include anticipated revenues and expenditures for all Funds of the City. The line-item budget for each individual fund follows this budget message.

Sincerely,

Henry Guinn,

Mayor
